Profile

I am a BSCS student at Virtual University of Pakistan and an AIops diploma student at Al Nafi, specializing in Cybersecurity, DevOps, and SysOps. I'm building hands on skills through labs in network security, ethical hacking basics (Nmap, Burp Suite), and Linux administration (Ubuntu, CentOS, Kali Linux)

Skills

Linux & Systems Administration :

- Multiple Linux distros administration (Ubuntu, CentOS, Kali)
- Server Management

Cybersecurity Basics :

- Ethical Hacking basics (Nmap, Burp Suite)

Automation & DevOps :

- Python Automation
- Bash Scripting
- Automation & CI/CD
- Docker Image Building & Management
- Docker Container Runtime
- Application Deployment
- Cloud Automation
- Cloud & DevSecOps

Soft Skills :

- Communication Skills
